

# Partnership Agreement: The School

We will

- treat each pupil as a valued individual, offering them an appropriate curriculum which is challenging, fulfilling, and where success can be achieved.
- recognise and reward effort and progress made by all pupils
- keep parents informed regularly of their child's progress
- set, give feedback on and monitor appropriate homework for all pupils
- recognise and reward good attendance, and contact parents if attendance or punctuality is causing concern
- provide a range of activities and events beyond the timetable lessons, to enhance and stimulate the learning experience of all pupils
- be open and welcoming to parents, communicating effectively about their child's progress, school activities and events
- provide a clear set of rules and targets for pupils, which encourages them to grow into a contributing and supportive citizen
- ensure that learning is not distracted by enforcing the school policy of confiscating mobile phones or devices
- offer opportunities to pupils, parents, staff and governor to help shape the school policy
- provide books, worksheets, paper and most technical and scientific equipment required for study
- provide a clear list of uniform requirements, keeping this as inexpensive and similar for boys and girls as possible
- do our best to ensure the school is a safe, healthy environment for every pupil
- encourage pupils to use alternative forms of transport to access Shoeburyness High School

On behalf of Shoeburyness High School I agree that my school will endeavour to follow the above action points

A handwritten signature in black ink, appearing to read 'Teri Jones'.

Mrs Teri-Leigh Jones
