- Year 12: Mr Heron, Miss Scates, Mr Deal
- Year 13: Mr Heron, Miss Scates, Mr Deal

Exam board: Edexcel

Assessment Scheme - NEA

Component 1 – Record, balance and blend. Produce a stereo mix of a song from a list of 10 songs that meets the set instrumental requirements. Your recording must demonstrate competencies in capture of sound and use of EQ, dynamic processing, effects, stereo, balance and blend.

Component 2 – Create a composition using your DAW. The technology-based composition must contain at least **six** separate vocal, instrumental, sample-based parts. You must use the following sound design methods in creating your instrumental parts:

- synthesis
- sampling/audio manipulation
- creative effects
- automation and real-time control.

Assessment Scheme - Exams

Component 3 –Listening and Analysing exam. Knowledge and understanding of recording and production techniques and principles, in the context of a series of unfamiliar commercial recordings supplied by Pearson.

Application of knowledge related to all three areas of study:

- Recording and production techniques for both corrective and creative purposes.
- Principles of sound and audio technology.
- The development of recording and production technology.

Component 4 – Analysing and production exam. Knowledge and understanding of editing, mixing and production techniques, to be applied to unfamiliar materials provided by Pearson in the examination.

Application of knowledge related to two of the areas of study:

- Recording and production techniques for both corrective and creative purposes
- Principles of sound and audio technology.
