

Shoeburyness High School – Student Guide

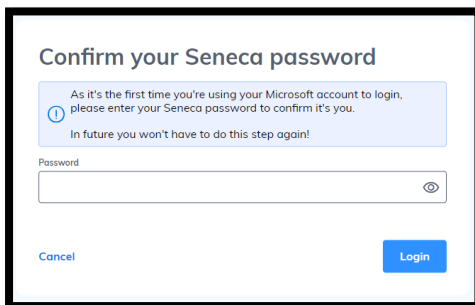

Seneca

To access Seneca, go to <https://app.senecalearning.com/login> in your web browser.

The screenshot shows the Seneca login interface. At the top, it says "Login" and "Welcome back". There are two buttons: "Continue with Google" and "Continue with Microsoft". The "Continue with Microsoft" button is highlighted with a red rectangular box. Below these buttons is an "OR" separator. Underneath are input fields for "Email" and "Password", with a "Forgot your password?" link. A blue "Login with email" button is at the bottom, along with a "Sign up" link for new users.

Login using the 'Continue with Microsoft' button using your school email and password.

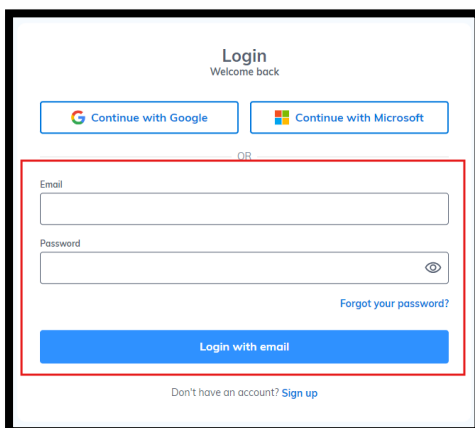

This is a confirmation dialog box titled "Confirm your Seneca password". It contains a message: "As it's the first time you're using your Microsoft account to login, please enter your Seneca password to confirm it's you. In future you won't have to do this step again!". Below the message is a "Password" input field with a visibility toggle. At the bottom, there are "Cancel" and "Login" buttons.

The first time you login into Seneca you will be prompted to enter a onetime password. Enter **Science2024**

Troubleshooting

If this fails to work, go back to the login screen <https://app.senecalearning.com/login>

This screenshot is identical to the first one, showing the Seneca login page. However, a red rectangular box highlights the "Email" and "Password" input fields, along with the "Login with email" button and the "Forgot your password?" link.

Enter your school email address and the password **Science2024**

This should then give you access to your Seneca subject homework.
