

Information Technology

V-Level – new from 2027

The Course

The objective of this qualification is to give learners the opportunity to develop their knowledge and skills in IT systems, systems management and social media in business. This will enable learners to progress to further study in the IT sector or other sectors.

Assessment

Unit 1 - IT Systems. External examination, 2 hours. You are assessed on your understanding of computer systems and the implications of their use in personal and professional situations

Unit 2 - Creating systems to manage information. Externally assessed task, 5 hours. Tests your ability to design, create, test and evaluate a relational database system to manage information.

Unit 3 - Using social media in business. Coursework module.

Entry Requirements

Minimum entry requirements plus:

- Grade 4+/Level 2 Pass in an IT related subject (if studied)

Careers & Higher Education

The qualification is recognised by HE providers as for admission to a wide range of degree courses, if taken alongside other qualifications as part of a two-year programme of learning.
